

By Coolabah Shades

Ziptrak® blinds connect your indoor and outdoor environments into one harmonious space.

Ziptrak® outdoor blinds allow you to control airflow, light and temperature whilst remaining connected with nature.

Relax and indulge in your own private retreat. Our sealed blind system shields you, your patio and your furniture from wind, rain, dust, glare and insects. Make the most of our beautiful climate but protect yourself from undesirable weather. Avoid those pesky mosquitoes and flies from bothering you and your family. Ziptrak® blinds allow you to spend hours outdoors without the need for toxic bug repellent sprays. The track guided system is simple and safe to operate – no chains, ropes or pullies. Using our patented spring-balanced track system, the blind easily glides up and down, stopping in any position.

With colour options to match or compliment your existing space, and discrete installation, Ziptrak® blinds offer superior functionality without compromising your style. The Ziptrak® outdoor system is constantly enhanced by our dedicated team of Australian engineers. Our patented system offers many features that make the blind easier to use, robust and visually unobtrusive.

Centre Lock Release

Endless options

With colour options to match or compliment your existing space, Ziptrak® blinds offer superior functionality without compromising your décor. Each blind is custom made to your exact requirements for a discreet and unobtrusive final result.

Tough and durable

Ziptrak® blinds are extremely solid and built to last years of regular commercial use. As an Australian invented, designed and manufactured product, Ziptrak® has been engineered to withstand the toughest conditions

Protection from the elements

Our sealed blind system shields your customers and your furniture from wind, rain, dust and insects. Make the most of our beautiful climate but protect your clientele from unpredictable weather. The fully enclosed system, with side tension for a flat finish, will look great and work flawlessly for years.

No rattling in wind

Ziptrak® patented system grips tight to the vertical tracks for peace and quiet even in strong winds – NO rattling blinds! Our unique spline design conceals the edges of the blind, keeping out dust, wind, rain and insects. The new small side spline also provides a smoother finish and superior skin appearance.

Locks into place

Ziptrak® blinds have locking mechanisms which allows the blinds to be locked when fully down, providing a secure hold, even in windy conditions. With our unique Centre Lock Release you can unlock both the left and right locks simultaneously from the centre. Yet another remarkable and intuitive solution that makes outdoor entertaining a pleasure.
