

GIOTTO PLUS FABRIC TENSION SYSTEM

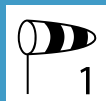

GLOBAL AWNING ACCESSORIES

WWW.GLOBALAWNINGS.COM.AU

FEATURES

- The GIOTTO Plus Fabric Tension System awning has been specifically designed to be fitted to powder-coated aluminium front legs, thus making this system versatile for private or public installations.
- Fabric is taut when the system is fully open, closed or somewhere in between.
- Maximum 5 metres wide with a 4 metre projection.
- 78mm Galvanised steel roller tube.
- Deep section front bar encloses the Tension Spring mechanism.
- The Giotto is always motorized – Gear-Box drive is not available
- The GIOTTO PLUS can be fixed to an existing wall, roof eave or garage wall etc, and rests on two aluminium posts.
- Twin Models are available – each has its own motor and can be operated independently.

Wind Class 1 (European) /
Beaufort Force 4 (Australian)
Maximum wind speed of 27kms

Standard Powder-coat colours are included in the price
